SWIMMING***

USING THE TOOLS YOU
ALREADY HAVE OR
ALREADY EXIST

MICHAEL ABEGG
MIKEABEGG@ME.COM

Who are you? Are we enemies? Why am I on this wall?

- * Registrars
- * Sanction Chairs/Scheduling
- * Top Ten Recorders/Results/Records
- * Officials
- * Other LMSCs leadership
- * “None of the above” - who?

If we only had a wheelbarrow, that would be something

- * Tools exist to help us as **swimmers** and USMS **leaders**
- * Major tools and types
- * What works well
- * Integration!
- * I could talk for hours...but I won't...I hope

Why didn't you list that among our assets in the first place?

- * USMS.org
- * Hy-Tek
- * ClubAssistant
- * TeamUnify
- * Other athletic web systems
- * General web/social systems

Who Are You? No one of consequence

- * Adult-Onset Swimmer
- * Triathlete/Ironman from a bike/run background
- * Masters swimmer
- * USA-S and USAT official
- * Former TTR in MN
- * Current TTR for IL and Officials Chair for PC

HY-TEK: MEET / SWIM MANAGER

PART OF
ACTIVENETWORK:
ACTIVESWIM.COM

The screenshot displays the ActiveHy-Tek website for swimming. The browser address bar shows www.activeswim.com. The website header features the **ACTIVEHy-Tek** logo and a navigation menu with links for **SWIMMING**, **SWIM OVERVIEW**, **MEET MANAGEMENT SOLUTIONS**, **TEAM MANAGEMENT SOLUTIONS**, **PARTNER SOLUTIONS**, and **CONTACT US**. The main content area is titled **ACTIVE'S SWIM MANAGER** and includes a list of features: "Introducing the latest in online team management", "Your trusted meet management software", "USA Swimming coaching solutions", and "U.S. Masters Swimming participation". A sub-headline reads "Creating more time to focus on the sport of swimming". Below this, a paragraph states: "ACTIVE Hy-Tek's full solution swim software is built to free up hours of time for coaches. Things like team registration, meet entries, submitting and receiving payments, email communications, results reporting, and other administrative work is now so much easier because it's automated and simplified. All the hours behind a desk can now be spent poolside." An "An all-in-one solution for every level of competition:" section lists: "Age Group", "Masters", and "YMCA/YWCA". On the right side, a section titled **WE POWER SWIMMING** lists achievements: "Running [swim meets](#) for over 25 years", "Servicing 1,000's of customers in over 100 countries", "Providing more than a million people with [mobile meet results](#)", "Developers of the Hy-Tek [Meet Manager](#) and [Swim Manager](#) software", and "Creators of the first and only [mobile heat sheets & punch sheets](#)".

Hy-Tek: Meet Manager

- * Most common database system used to manage meet results
- * Interfaces timing system data with athlete registration and lane assignments
- * Complex, steep learning curve at first. Most Deck Refs hate it but they're required to know it
- * Meet directors **NEED** someone who knows how to use it
- * TTRs have access to a free desk copy

meet App Store Google play

meets worldwide. Meet Manager *for Swimming* offers you comprehensive solutions for every aspect of organizing a meet, making sure that not a drop of water is out of place and you spend more time by the pool instead of behind a computer.

Meet Manager Can Run Any Type of Swim Meet

- ▶ International Meets like the World Cup and Pan Pacific Championship
- ▶ USA Swimming Championship meets

Hy-Tek: Meet Manager

- * TTRs can use the desk copy to receive and review Meet results. Great transitional tool before uploading
- * A few limitations, in IL we have a paid license because I take some of the burden off our meet hosts
- * Tip #1: if you use workout groups, set all the WOGs with their parent Club as the alternate club - then when doing the export of results, select Use Alternate ID.
- * Tip #2: can maintain LMSC records for all events by creating a dummy meet with all events. Anytime there's a record change, update the dummy meet manually. Then do an export and you can provide a records file to your meet hosts.
- * Tip #3: Registrar can create an export from USMSAdmin with all registered swimmers in the LMSC. Load this file into a Meet setup before doing entries and you'll have a check on USMS ID and club affiliation.

Hy-Tek: Meet Manager/ Meet Mobile

- * End-user tool - smartphone App
- * Near realtime meet results (usually \$) with some free elements
- * Tip #4: Requires Meet Manager computer be internet connected. Is this still a problem?

Hy-Tek: Team Manager -> Swim Manager

- * Team Manager is “twin” to Meet Manager
- * Transitioning to Swim Manager online system
- * Tight integration with their Meet Manager product
- * Some challenges using it w Masters - records

ACTIVE Hy-Tek. SWIMMING TRACK & FIELD PRODUCTS SUPPORT BUY NOW

SWIM MANAGER

Introducing team management software made better with cloud-based integration and robust administrative solutions

Swim Manager provides coaches, parents and team administrators with a cloud-based, full solution team management software that integrates with Hy-Tek Meet Manager and Meet Mobile. The system is designed to help coaches build a better swim program with a simple pricing structure for every level of competition, every age group from summer leagues to Masters.

Swim Manager has been built to free up hours of time with 24-hour access for coaches, parents and administrators to online tools for team registration, meet entries, payment submission, communications, results reporting and other administrative functions.

Club Assistant Products

Club Assistant supports all types of clubs

Online Club and Team Management

Club Assistant was developed to help clubs manage their membership. Features available to office administrators, coaches and users include membership management, billing, email, reports, and calendars.

Online Swim Meet Entry Software

Club Assistant provides an easy-to-set-up, easy-to-register and easy-to-reconcile online meet entry process for Swim Meets, Open Water Events, Pool Open Water Events, Postal Events and Virtual Swims.

Online Event Entry Software

Club Assistant provides an easy-to-set-up, easy-to-register and easy-to-reconcile online event entry process for events and clinics.

Custom Websites

The Club Assistant professional design team offers creative custom website design services and will work with you to analyze your organization's needs, give you practical advice and guidance, and develop the best solutions for your site. Our design services include:

- HTML website design
- Dynamic website design
- Dynamic navigation systems
- Custom graphics

ClubAssistant: LMSC & Club Management

- * If you've ever registered for USMS online, you've used it
- * LMSC Registrars use it to access member info
- * Individual clubs manage their membership, comms, finance
- * Interlinks between USMS member database and LMSC/Club info

The screenshot shows the ClubAssistant website interface for US Masters Swimming (USMS). The browser address bar displays "https://www.clubassist". The website header includes the ClubAssistant logo and navigation links for "Club Management", "Meet Entry", "Other Products", "About", and "Client Login". The main content area is titled "US Masters Swimming (USMS) Online Club and Team Management". It features the US Masters Swimming logo and a link to "US Masters Swimming (USMS)". A section titled "US Masters Swimming (USMS) Specific Key Features" lists "USMS Member Verification" with a green checkmark and a description: "Club Assistant's current USMS member lists are valuable for helping coaches know who has paid for USMS membership." Below this, there are three paragraphs of text describing the software's capabilities. On the right side, a "Key Features" section lists various functionalities with green checkmarks: Membership Database, Communication, Finance, New Registrations, Search, Reporting, Facilities / Pools, Employees / Coaches, Merchandise Sales, Registration Forms, Volunteer Hours, and Programs. The footer of the page shows the breadcrumb "Home / Club Management / US Masters Swimming (USMS)".

ClubAssistant: Meet Registration

- * Most common tool for Masters Meet online registration
- * Can set meet up on the admin site or (Tip #5) import from Meet Manager file
- * “Special Relationship” with USMS - does a live query of registration db to confirm membership status - only system that does this

USMS.ORG: Sanctioning

- * Sanction/Recognition applicants start here
- * Interconnection between Meet Directors and LMSCs
- * Information goes out to TTRs, Sanction Chairs, Open Water, others

The screenshot shows an email interface with the following details:

- From:** sanction.requests.mailer@usms.org
- Subject:** Your USMS Event Request Has Been Approved
- Reply to:** events@usmastersswimming.org
- To:** soccerswim@sbcglobal.net
- Cc:** ILSanctions@usms.org, ILTopTen@usms.org

The email body contains the following text:

DO NOT REPLY TO THIS MESSAGE. This email account is operated by a computer.

Hi Jim Rowland,

Thank you for holding a U.S. Masters Swimming event. Your event, "Libertyville Masters Sink or Swim Classic", has been **approved** and can now be publicly viewed on the [USMS Calendar of Events](#). If you need to change information in the future, please use the "Submit a change" link at the bottom of your listing on the USMS Calendar of Events.

This electronic receipt replaces the former USMS Official Sanction form that used to be mailed to requestors.

Your Sanction Number is: 217-S013
If you lose your Sanction Number, you can always find it again on your listing on the [USMS Calendar of Events](#).

Please be aware that your LMSC will be billed a \$50 sanction fee after the event takes place. Your LMSC may choose to fully absorb this cost, or may contact you about sharing the cost.

At the bottom of the screenshot, there is a form with the following fields:

- Event Type: Competition
- Course Type: [Dropdown menu]
- Course Meets: A listing of current pool certifications on file

USMS.ORG: Results Database

- * Goal: Every Swim, Ever
- * Reality: lots of historical data, and almost every recent swim from a Sanctioned or Recognized meet
- * Tip #8: Key role of the “modern” TTR - receive meet results from Meet Directors, review, clean up, upload, audit
- * For swimmers: Track progress, set goals
- * Tip #9: Interconnection: CA online registration can look up your time history for entering a seed time

USMS National Records

U.S. Masters Swimming maintains a list of National Records that may be viewed or downloaded in a variety of formats available at the [FINA Web Site](#).

Individual Records

- [By Age Group](#)
- [By Event](#)
- [By Swimmer](#)

Note: The U.S. Masters Swimming National Records and Tabulations Committee documents and verifies records. The records database also includes any verified record-breakers along with a completed [Record Submission](#) form from a swim meet.

Long Course Meters

Season:

USMS.ORG/usmsadmin

- * Where the magic happens
- * TTRs load and audit meet results from Meet Manager exports, prepare Top Ten Reports for annual submittals
- * Registrars enter and load registration records and data
- * Web site management tools (top secret!)

The screenshot shows the USMS Admin website interface. At the top, there is a navigation bar with the USMS logo and the text "U.S. MASTERS SWIMMING". Below this is a red navigation menu with links for "About USMS", "Membership", "Learn To Swim", "Fitness & Training", "Events & Results", and "For Coaches & Instructors". The main content area is divided into two columns. The left column has a section titled "IN THIS SECTION" with a link to "USMS Admin Home". Below this is a button that says "ENCOURAGING ADULTS TO SWIM" with a "Learn more" link. At the bottom of the left column is a large blue button that says "JOIN | RENEW | UPDATE MEMBERSHIP". The right column has a breadcrumb trail "Home > Site/Database Administration" and a heading "USMS Site/Database Administration". Below this is a "Logout" link and a section for "Web Site Feature Administration" with a link to "Registration Lookup". There is also a section for "LMSC Tools" with a link to "Event Results & Top Ten". At the bottom of the page, there is a dark blue banner with logos for various sponsors: TRISWIM, Nationwide, TYR, MALIBU C, INFINIT, Aqua Sphere, agonswim.com, FELIFE, ENDLESS POOLS, and speedo.

LET ME EXPLAIN

NO, THERE IS NO TIME.
LET ME SUM UP.

Huge Range of Tools

- * Even the ones that look like a Swiss Army Knife really aren't.
- * Just because you CAN do results management or event scheduling from one, doesn't always mean you should.
- * Assume there's a tool for what you need - but research until you find the best one.
- * Fortunately many of them aren't crazy expensive. But expect to pay for quality and support.

Finally,

- * Contact me: mikeabegg@me.com
- * You know I said something about {*****} and now you don't remember - I love teaching and sharing
- * You found a new way to use the tools or found a better tool - I love learning
