## WOMEN'S SHORT COURSE

National Champion - American USMS Record Holder

1970 - 1979

"Do you know who won the Women's 45-49 Short Course 100 free in 1976?"

"Who holds the record for the Men's 30-34 200 yard breaststroke?"

"Who is the oldest American USMS Record Holder?"

"Who won the first Women's 65-69 400 yard IM title?"

The above is a sampling of the multitude of questions people have posed to me over the years. In order to find the answers, I have spent countless hours thumbing through SWIM-MASTER back issues. As you know, SWIM-MASTER, the Official National Publication for Masters Swimmers, is the only place where you can find the Top Ten Times, American USMS Records and All-Americans for every year of Masters Swimming.

To my knowledge, there are few complete sets of SWIM-MASTER - my own and the set located at the Swimming Hall of Fame Museum, are the only two I know of for sure. Since I am getting on in years, I don't have the time to look up answers to everyone's questions and, if you can't get to the SHOF Museum, you could be out of luck.

In 1984 I hit upon the idea of compiling the National Champion and the American USMS Record Holder in each event for each age group for the first ten years of Masters Swimming, 1970-1979. To date, I have spent over a year and a half of spare time (like I really have some) chronologically listing the winners and record holders for men and women, long and short course.

For this convention I only had time to type the Women's Short Course compilation (my apologies to the gentlemen). The rest are in draft form. Please take a moment or ten to look over these

pages and let me know if you think this project has merit. Also, if you note any typos let me know because the name and times haven't been proof-read.

Finally, it would be a great help if someone would volunteer to write an Apple IIc program for this project. It would then be easy to add the following years each year. I haven't even begun the 80's yet!

#####

All information available has been used. Some first names are missing - the Top Ten Times only uses first initials. The two meets held in 1970 and 1971 were used so as not to lose those pioneers of Masters Swimming. A few foreigners have won National Championships and there is an \* after their age. Their times have not been used for our USMS records.

1970 - There were only three age groups: 25-34, 35-44 and 45 & older. The events held were the 50-100-200-400 frees, and 100's of back, breast, fly and IM.

1971 - Again, there were only three age groups used. The events were as above with the addition of the 200 back and 200 breast and the 100 fly was changed to the 50 fly for 45+.

1972 - Events included 50-100-200-500-1650 frees, 100-200 back, 100-200 breast, 50-100 fly and 100-200 IM. Age Groups were in five year groups from 25-29 to 70-79 and 80 & over.

1974 - The age groups were the same as above but the 50 back and breast, the 200 fly and the 400 IM were added events BUT not for nationals.

1976 - The 70-79 age group was finally divided into the five year groups.
